PUBLIC NOTICE

DECISION OF THE ENVIRONMENTAL PROTECTION AGENCY (EPA)
TO ADD WATERS TO FLORIDA'S SECTION 303(d) LIST

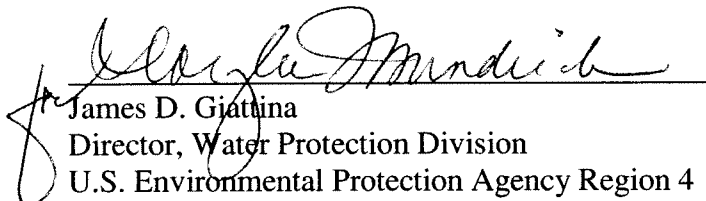

This notice announces the availability of an EPA decision identifying water quality limited segments and associated pollutants in Florida to be listed pursuant to Clean Water Act Section 303(d)(2), and requests public comment. Section 303(d)(2) requires that states submit, and EPA approve or disapprove, lists of waters for which existing technology-based pollution controls are not stringent enough to attain or maintain state water quality standards and for which total maximum daily loads (TMDLs) must be prepared. On December 21, 2010, EPA partially approved Florida's list submittal for the 2010 listing cycle, approving Florida's listing of 548 waters, associated pollutants, and associated priority rankings for Basin Group 4 waters. EPA also independently determined that an additional 5 water quality limited segments (WQLS) should have been included on the list, and has added those waters to Florida's Section 303(d) list.

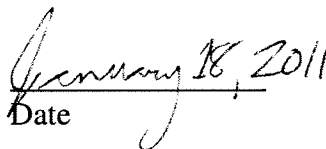

If you want to comment on EPA's addition of 5 WQLS to Florida's Section 303(d) list, you are invited to submit your comments in writing no later than March 1, 2011. Please submit your comments to the U.S. Environmental Protection Agency, Region 4, Water Protection Division, 61 Forsyth Street, S.W., Atlanta, Georgia 30303-8960, ATTENTION: Ms. Allison Humphris, Water Quality Planning Branch. Ms. Humphris may also be contacted via electronic mail at humphris.allison@epa.gov. Oral comments will not be considered.

Copies of EPA's decision concerning Florida's list that explain the rationale for EPA's decisions can be obtained at EPA Region 4's web site at the following URL address:

or by writing or emailing Ms. Humphris at the address or electronic mail address provided above. Underlying documentation comprising the record for these decisions is available for public inspection at 61 Forsyth Street, S.W., Atlanta, Georgia, between the hours of 8:00 a.m. and 4:00 p.m., Monday through Friday. Persons wishing to review this information should contact Ms. Humphris at the above electronic mail address, to schedule a time for that review. Any changes to EPA's action will be announced after EPA review of comments provided.
